OBJECTIVE

Passionate and driven B.Tech CSE student specialized in Artificial Intelligence and Machine Learning from Kuppam Engineering College (affiliated to JNTUA), eager to learn new technologies and apply skills in real-world environments. Good at communication, adaptability and leadership skills. Committed to learning and problem-solving.

EDUCATION

B.Tech – Computer Science & Engineering (AI & ML) 2023 – 2027

Kuppam Engineering College, Kuppam (Affiliated to JNTUA)

Current Percentage: 80% (up to 3rd Year, 2nd Semester)

Intermediate – Biology Science 2021 – 2023

G.M.B.H.S.S, Kunnamkulam | Percentage: 91%

SSLC 2021

St. Mary's G.H.S, Chowannur | Percentage: 97%

TECHNICAL SKILLS

- Programming Languages: Python, C, JavaScript
- Web Technologies: HTML, CSS, JavaScript, React, FastAPI
- Tools & Platforms: Git/GitHub, VS Code, Google Colab, Docker

PROJECTS

Personal Habit Tracker

- Developed a personal habit tracking application to help users monitor daily routines, set goals, and maintain consistency over time.
- Implemented features such as daily check-ins, progress visualization, and streak tracking to enhance user engagement and accountability.
- Designed a responsive and user-friendly interface ensuring seamless experience across different screen sizes.
- Technologies used: HTML, CSS, JavaScript.

Job Portal (Team Project)

- Built a full-stack job portal enabling employers to post, update, and manage job listings, and allowing job seekers to browse and apply for jobs.
- Implemented role-based authentication, application tracking, and status management features to streamline the recruitment process.
- Collaborated in a team environment using Git for version control, ensuring smooth integration and consistent code quality throughout development.
- Technologies used: React, FastAPI, Git/GitHub.
